

12 S.E.E.R. Heat Pump

Sleek Styling, Compact Design.

High efficiency heating & cooling has never looked so good!

HEAT

Year-round comfort has never looked so good – or been so energy efficient! Outside, with its smooth lines and low profile, the Coleman® 12 S.E.E.R. Heat Pump blends discreetly into the landscaping without detracting from the beauty of your home. Inside, a simple flip of a switch on the thermostat allows this energy efficient heat pump to keep you

12 S.E.E.R. Heat Pump

So sleek, so quiet...so energy efficient!

HIGH EFFICIENCY COILS increase the efficiency of the unit, lowering operating costs.

BELL-MOUTH, HIGH EFFICIENCY VENTURI DESIGN lowers power consumption, reduces sound levels, and increases outdoor airflow.

FAN MOTOR IS TOTALLY ENCLOSED, protecting the motor from outside elements and increasing its lifespan to many times that of an open motor.

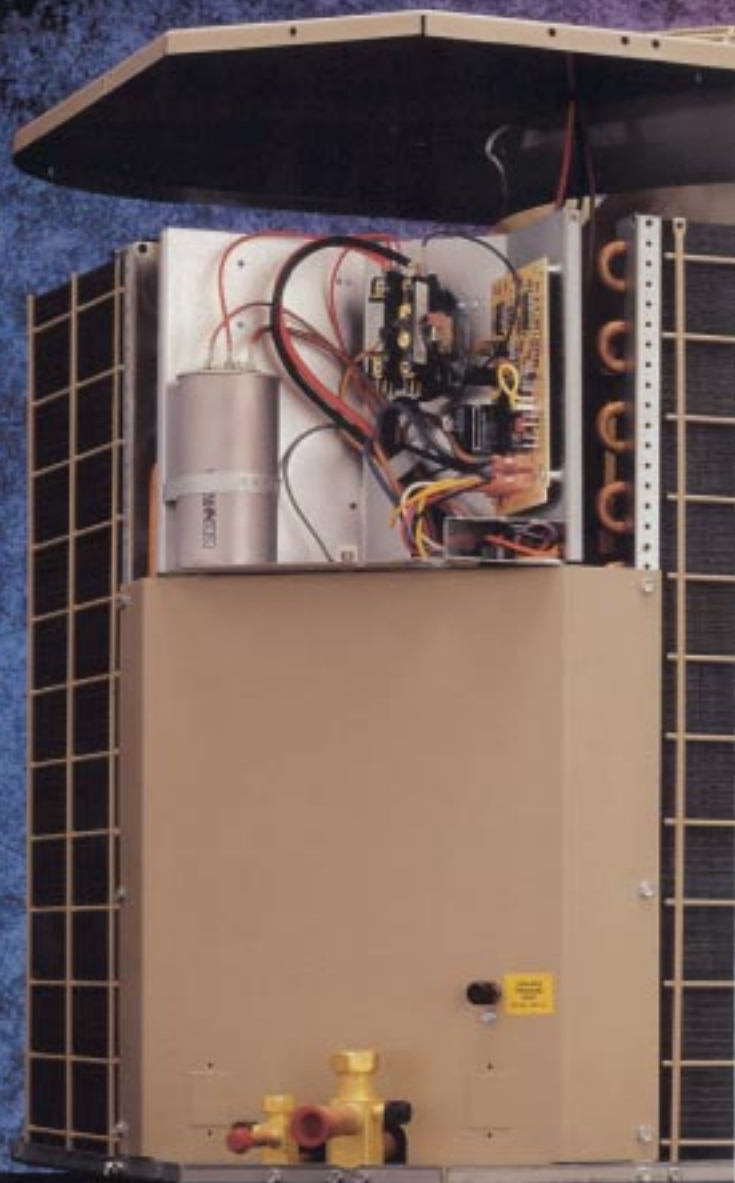

STATE-OF-THE-ART, HEAVY DUTY COMPRESSOR provides maximum cooling capacity and energy efficiency.

FILTER DRIER prevents build-up of moisture in the system, extending the life of the compressor.

OVERSIZED REVERSING VALVE ensures efficient flow of refrigerant.

HIGH PRESSURE SWITCH protects the compressor from costly damage.

ALL-COPPER TUBING resists corrosion.

DUMM

comfortable year-round: In the summer, it absorbs heat from the air inside your home and pumps it outdoors. In the winter it works in reverse, absorbing heat from the outside air and circulating it indoors. In other words, this high efficiency unit takes care of it all. And it's very competitively priced and built to last—so you save all the way around.

12 S.E.E.R. in Summer

(Seasonal Energy Efficiency Rating)

Superior Heating Performance in Winter

SOLID-STATE TIME/TEMPERATURE DEFROST CONTROL CENTER increases efficiency by defrosting the unit only when necessary.

CRANKCASE HEATER AND CUSTOM DESIGNED ACCUMULATOR prolong the life of the compressor.

LOW PITCHED FAN BLADES move large quantities of air very quietly.

PVC POWDER-COATED FAN AND COIL GUARDS are chip-resistant, to preserve the handsome appearance of the unit.

DESIGN-MATCHED COILS AND FAN lower operating costs.

PLUG-IN FAN MOTOR plugs into the bottom of the control box for ease in servicing and cleaning.

BRASS SERVICE & SHUT-OFF VALVES make environmentally safe servicing an easy task.

QUICK-CONNECT MODELS AVAILABLE for Manufactured Housing.

**COLEMAN®:
A NAME YOU'LL BE COMFORTABLE WITH!**

The Coleman® name brings with it a history of product innovation, and a tradition of quality. Coleman® products, which include heating, cooling and outdoor recreational products, are well known to consumers - carrying a legacy of reliability, rugged durability, and exceptional performance and value. You can count on energy efficient Coleman® heating and air conditioning equipment to deliver all this, and comfort, too.

ISO CERTIFIED: A STANDARD YOU CAN TRUST!

Each one of our manufacturing facilities meets the thorough and comprehensive quality standards of the International Standards Organization (ISO). These quality standards govern every step - from design and manufacturing, through sales and service. In earning our ISO certification, we voluntarily put our products, policies and procedures under intense scrutiny to ensure that in everything we do, we measure up to the best companies in the world.

**CHOOSE COLEMAN®,
AND YOU'VE CHOSEN THE BEST!**

Regardless of the size of the home or where it's located, certain things appeal to contractors and homeowners when they're choosing a heating and air conditioning system. They look for advanced technology that's simple to operate...high efficiencies that will reduce operating costs...and equipment that will deliver quiet, dependable performance with very little maintenance. These are the qualities and features we'd choose for our own homes - and they're the qualities and features that go into Coleman® heating and air conditioning products. Your comfort and satisfaction are the guides we use in our ongoing commitment to design and manufacture the very best heating and air conditioning equipment on the market today. Because only the best can wear the Coleman® name!
